Mr James O'Brien

Dear Sir

We send you by this mail samples of Payson
Dunton and Scribner's Copybooks which we think are especially
adapted to use in the Public Schools for the following reasons:

1st Unlike competing books of this class they are made simple
and easy for both Teacher and Pupil, by presenting in the
first six books of the series but one plain style in shade, form
and finish of each Capital and small letter, thus concentrating
effort on the plain and practical.

2nd Each book has printed on the cover and above the copy
in plain type the Authors method of teaching it. This is a
great convenience to Teachers unfamiliar with the best methods.
The regular retail price is 15 Cents, but if adopted in your

County, we will supply the first order for Introductions at
\$1.00 each, the Manual of Penmanship at 75¢ per copy
and Charts \$1.50 per set in sheets and 2²⁵ Insert mounted
on boards. Please let us know your opinion of these
books and if in your judgement they are suited to
the wants of your schools, be kind enough to favor
their adoption.

Yours Very Truly
